Gym Wipes Qatar

GYMWIPES® How To Keep it Clean

1. Pull at angle

2. Clean surface

3. Discard wipe

1. Pull towelette wipe out at an angle (45 degrees) to break the perforation. (Avoid pulling straight up as this will not break the perforation.)
2. Wipe the workout surface as needed. Each wipe can be used 3-4 times according to need.
3. Dispose of wipe accordingly.

Plastic wall dispensers have a tension setting that can be adjusted from inside the unit, allowing the dispenser opening to be as tight or as loose as desired. Adjust according to your needs.

Made in the U.S.A.
